WHAT OTHERS HAVE TO SAY
Editor Banner-News:—

We have read with interest and study, your several articles in regard to the daylight saving question and while all may not fully agree with you, there is always a difference of opinion, pro and con.

You well know, Mr. Editor, that whatever else that applies to other cities, does not always apply to Belding. No indeed! And as for the mere little enjoyment the mill girls get out of it, we say, pray God, give them all the out doors possible for if any one class of people need the open air at all, these mill girls certainly are entitled to it.

Indeed, kind sir, darkness is for sleep and rest; day light is for work and recreation. Very well—then, let's "make hay while the sun shines." And again, kind sir, why spend thousands of dollars on parks etc., for recreation in the summer time? You cannot use these blessings in the dark. We hibernate all the winter, and yet there are a lot of people who want to remain in that state all the summer. I would say to such people, get some good red blood in your veins, go out to the parks, etc., on a summer evening and see for yourself if we have too much daylight and too much time for pleasures and joys that go to make life worth living.

Ah, kind sir, you cannot then give your readers one good reason why we should not be up and doing, whether it is work or play, so let us have all the daylight possible for just that reason. It matters not what about the farmer, big business, et al. It is what the hard working city folk needs that counts.

In conclusion; we certainly hope the citizens will wake up at once and put into effect some kind of daylight saving. It is a necessity and we hope our state legislature makes a law along that line. But, of course, we are for the people—not big business. Let us hear from others—and from you—about this vital question. —G. C. Aigee.

Card Of Thanks.
We wish to express our sincere thanks to our friends, neighbors, the G. A. R., W. R. C., Sons and Daughters of Veterans for the many acts of kindness, sympathy and assistance extended us during the sickness and at the death and funeral of our father and brother; also for the many beautiful flowers and the kind words of Rev. Curch at the funeral and to the singers, we extend our heartfelt thanks.

KEEP YOUNG
People with bad backs and weak kidneys are apt to feel old at sixty. Many old folks say Doan's Kidney Pills help them keep young. Here is a Belding case:

Alfred Doyle, brick mason, 516 S. Pearl St., says: "I was pretty 'hard up' with a severe backache. When I bent I could hardly manage to get up again and my back was just a dead, dull ache all the time and often severe, sharp pains darted thru the small of it. The kidney secretions passed too frequently and were highly colored. I had read about Doan's Kidney Pills and got a box at Connell's Drug Store. The first box helped me and continued use of Doan's cured me." (Statement given September 9, 1916).

On July 8, 1920, Mr. Doyle said: "I haven't had need for a kidney remedy in a long time and give all the credit to Doan's Kidney Pills."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Doyle had. Foster - Milburn Co., Mfrs., Buffalo, N. Y.
